The Pinelands Regional Board of Education and the School Based Youth Services Program sponsor the Summer Recreation Program for area youth. The Board of Education and Youth Services strongly hope that the activities offered will give youngsters choices for more enjoyable and educational leisure time during the summer. The Summer Recreation Program provides the younger people in our communities an opportunity to visit our facilities and meet some of our instructors in a setting that is fun and educational. Each year we strive to offer a wide variety of choices for our students. Your comments and suggestions are always welcome.

School Based Youth Services Program

In a fast paced, demanding life, families are facing limited time, rising health costs, negative outside influences, and life transitions. Pinelands School Based Youth Services Program recognizes these challenges and offers comprehensive, personalized services. Since 1988 Pinelands Youth Services has offered a safe and supportive environment for students and their families using a one-stop shopping approach. Core services include: individual and family counseling, substance abuse counseling, primary and preventive health services and employment counseling. Recreation services are also an integral part of the program. Programs in human services are on the cutting edge in addressing the needs of youth in a changing society. NJ School Based Youth Services Programs have received numerous awards and has received national recognition for its innovative concepts addressing various social and educational needs for adolescents and their families. The goal of Pinelands School Based Youth Services Program is to help teens and their families reach their full potential by using the core services mentioned above.
