### **School Based Youth Services Program**

In a fast paced, demanding life, families are facing limited time, rising health costs, negative outside influences, and life transitions. Pinelands School Based Youth Services Program recognizes these challenges and offers comprehensive, personalized services. Since 1988 Pinelands Youth Services has offered a safe and supportive environment for students and their families using a one-stop shopping approach. Core services include: individual and family counseling, substance abuse counseling, primary and preventive health services and employment counseling. Recreation services are also an integral part of the program. Programs in human services are on the cutting edge in addressing the needs of youth in a changing society. NJ School Based Youth Services Programs have received numerous awards and has received national recognition for its innovative concepts addressing various social and educational needs for adolescents and their families. The goal of Pinelands School Based Youth Services Program is to help teens and their families reach their full potential by using the core services mentioned above.
